

HOME LEARNING

Week beginning 1st June 2020

The following are some suggestions for activities you can complete, in the play context, with your child this week.

These activities will help your child to progress towards some of their early learning goals that we have set for them in this month's planning.

Each child is at different stages of their development in these areas, feel free to adapt these to suit your child's ability level!

Theme for June –

This month's theme is 'On the Move' – we will be learning about Summer Holidays and the move to Primary School or a new setting for some of our children.

I will also be providing activities that I think will help to prepare your child for their move to their new setting –

- Week 1 – Pre-Writing Skills
- Week 2 – Pre- Reading Skills
- Week 3 – Number within 5 and 10
- Week 4 – Shape and Space

On the Move –

- Talk to your child about the seasons – we are now in Summer, talk about how the weather has been warmer and the type of clothes we wear in Summer compared to those we wear in other seasons
- Talk about staying safe in the sun – wearing sunscreen / sun hats to protect them from the harmful effects of the sun, the need to drink lots of fluid and stay in the shade during the warmest part of the day
- Talk about the kinds of activities we can do in summer – playing outside, going to the beach, picnics, barbeques
- Talk about how it is brighter for longer in Summer, and how it is still like day time when they are going to bed!
- Look out for nature – flowers that bloom in summer, how quickly the grass grows because of the heat, how we look after plants and flowers by having to

water them more in Summer. Look out for the insects and animals we see in summer – buzzy bees and wasps, hopefully some butterflies too!

Pre – Writing Skills

I have attached information on Pre Writing Skills and will also make this information available on the Home Learning Section of our website. Look out on facebook for videos of activities and links to other ideas too.

We are here if you have any queries – email me on pmuir291@c2kni.net.
